

INDEX TO VOLUME 23

- Allergy, pediatric, First international symposium on, 300
- Allergy, The placebo in (Norman Shure), 368
- Allergy, soybean, Bronchial asthma due to: Report of a case with audiovisual documentation (Gustavus A. Peters), 270
- Allergy, Techniques and procedures in. Management of acute allergic constitutional reactions following test or treatment with an antigen to which the patient is exquisitely sensitive. (Method of Stephen D. Lockey), 397
- Allergy therapy in serous otitis media associated with allergic rhinitis (Ned J. Whitcomb), 232
- Allergy, The twilight zone of (Howard S. Van Ordstrand), 262
- Alum-precipitated pyridine ragweed antigen treatment—small vs. large doses (C. Everett Gaillard and Ruth Schellin), 327
- American Board of Clinical Immunology and Allergy, College disavows the, 563
- American College of Allergists, Brief resumes of papers read at the twenty-first annual congress of the, 204
- American College of Allergists pre-congress seminar and Twenty-first Annual Congress program, 168
- Amitriptyline (tryptanol), Clinical experience with, in the treatment of bronchial asthma (Hitohiko Sugihara, Katsuzaburo Ishihara, and Hideyo Noguchi), 422
- Anaphylactic reaction to commercial ACTH of porcine origin: Results of basophil degranulation test (M. H. Samitz, Howard M. Simons, and Walter B. Shelley), 51
- Anaphylaxis, A special article: (Lowell L. Henderson), 525
- Anderson, David W.: Griseofulvin: Biology and clinical usefulness, A review, 103
- Anaemia, acquired hemolytic, Notes on the relationship between the therapeutic and anticomplementary effects of heparin in (Karl L. Roth), 83
- Anemia, secondary, and susceptibility to hydrocarbon combustion products, Case report: (Kenneth J. Johnson), 148
- Anticomplementary and therapeutic effects of heparin in acquired hemolytic anaemia, Notes on the relationship between the (Karl L. Roth), 83
- Antigen, Alum-precipitated pyridine ragweed, treatment—small vs. large doses (C. Everett Gaillard and Ruth Schellin), 327
- Antigen-antibody union, Chemicals released as a result of (Editorial) (M. Coleman Harris), 506
- Antigenicity and cross-reactivity of body extracts. Studies on hypersensitivity to hymenoptera, I.: (Aubrey T. Baugh, Lawrence deK. Favrot, O. C. Thomas, C. Dean Dukes, and John P. McGovern), 430
- Antigens, hymenoptera: An immunological comparison of venoms, venom-sac extracts, and whole-insect extracts (Rod O'Connor and Robert Erickson), 151
- Antitussive preparation, Clinical impression and subsequent double blind study of an (Harry Kaplan, Henry Sherwood, and Joseph Epstein), 111
- Arab Republic, United, Observations on the incidence of allergic disorders in a village in the (M. M. El Mehairy, N. El Tarabishy, A. M. Nabih, and I. Nassar), 93
- Are emotional factors of importance in allergic diseases in children? (Samuel J. Levin and Robert R. Scherer), 192
- Asthma, acute bronchial, and status asthmaticus, Segmental atelectasis and pulmonary shunting in (H. I. Lecks, D. W. Wood, and J. Downes), 636
- Asthma, acute, Treatment of, by aerosolized metaproterenol measured by pulmonary ventilatory studies (William C. Grater), 23
- Asthma, Bronchial, as cause of obstructive emphysema (Andrew L. Banyai), 457
- Asthma, Bronchial, in adopted children (Bernard T. Fein and Peter B. Kamin), 199
- Asthma, bronchial, Clinical experience with amitriptyline (tryptanol) in the treatment of (Hitohiko Sugihara, Katsuzaburo Ishihara, and Hideyo Noguchi), 422
- Asthma, bronchial, Controlled trial of metaproterenol aerosol in (M. E. Coleman and Y. A. Howard), 434
- Asthma, Bronchial, due to soybean allergy: Report of a case with audiovisual documentation (Gustavus A. Peters), 270
- Asthma, bronchial, Growth patterns in 200 children with (Alexander Spock), 608
- Asthma, chronic bronchial, Glomectomy for: A three-phase study (Maurice S. Segal), 377
- Asthma, pediatric, Oxitriphyllyne guaiaacolate elixir in: with a theophylline review (Frederick W. Grover), 127
- Asthma, Treatment of intractable, with diethylcarbamazine citrate (Mario Salazar Mallen), 534
- Asthmatic children, Controlled exercise in (Milton Millman, William Grundon, Fred Kasch, Buddy Wilkerson, and Jay Headley), 220

INDEX TO VOLUME 23

- Asthmatic children, Ephedrine and theophylline in: Quantitative observations on the combination and ephedrine tachyphylaxis (W. F. Taylor, E. M. Heimlich, L. Strick, and R. Busser), 437
- Asthmatic children, Long-term steroid treatment in (John Morrison Smith), 492
- Asthmatic patients, glomectomized, Observations in (Mayer A. Green), 213
- Asthmaticus, Tracheostomy in status, Case report: (Samuel Bloom), 538
- Atelectasis, Segmental, and pulmonary shunting in acute bronchial asthma and status asthmaticus (H. I. Lecks, D. W. Wood, and J. Downes), 636
- Atopic dermatitis, Helpful clues for differentiation of, from seborrheic dermatitis (Henry Harris Perlman), 583
- Atopy, hypothyroidism in (John A. Carlston), 331
- Audiovisual documentation, Report of a case with, Bronchial asthma due to soybean allergy: (Gustavus A. Peters), 270
- Avedon, Albert B.; Franklin, Herbert L.; Hilton, David W.; Furman, Moses, L.; Prigal, Samuel J.; and Stern, Arthur: The treatment of pollinosis with small doses of emulsions of ironated ragweed extract, 414

B

- Banyai, Andrew L.: Bronchial asthma as cause of obstructive emphysema, 457
- Barach, Alvan L.: Regulated oxygen therapy and adaptive values of CO₂ retention in patients with pulmonary emphysema, 361
- Basophil degranulation test, Results of; Anaphylactic reaction to commercial ACTH of porcine origin: (M. H. Samitz, Howard M. Simons, and Walter B. Shelley), 51
- Baugh, Aubrey T.; Favrot, Lawrence deK.; Thomas, O. C.; Dukes, C. Dean; and McGovern, John P.: Studies on hypersensitivity to hymenoptera. I. Antigenicity and cross-reactivity of body extracts, 430
- Binder, William; Shapiro, Richard S.; and Eisenberg, C.: The importance of field studies and meteorologic factors in pollen and mold studies: A three-year report of southern California, 484
- Bloom, Samuel: Case report: Tracheostomy in status asthmaticus, 538
- Boards, Specialty certifying, in American medicine (Louis A. Buie, Sr.), 351
- Breneman, James C.: Nocturnal enuresis, a treatment regimen for general use, 185
- Bronchial asthma, acute, and status asthmaticus, Segmental atelectasis and pulmonary shunting in (H. I. Lecks, D. W. Wood, and J. Downes), 636
- Bronchial asthma in adopted children (Bernard T. Fein and Peter B. Kamin), 199
- Bronchial asthma as cause of obstructive emphysema (Andrew L. Banyai), 457
- Bronchial asthma, Clinical experience with amitriptyline (tryptanol) in the treatment of (Hitohiko Sugihara, Katsuzaburo Ishihara, and Hideyo Noguchi), 422
- Bronchial asthma, Controlled trial of metaproterenol aerosol in (M. E. Coleman and Y. A. Howard), 434
- Bronchial asthma due to soybean allergy: Report of a case with audiovisual documentation (Gustavus A. Peters), 270
- Bronchial asthma, Growth patterns in 200 children with (Alexander Spock), 608
- Bronchial asthma, chronic, Glomectomy for: A three-phase study (Maurice S. Segal), 377
- Bronchodilation, long-term, An effective oral medication for (Edwin Rayner Levine), 403
- Brown, R. Malcolm; McGovern, John P.; and McElhenney, Thomas R.: Airborne algae and their allergenicity, 47
- Buie, Louis A., Sr.: Specialty certifying boards in American medicine, 351
- Busser, R.; Taylor, W. F.; Heimlich, E. M.; and Strick, L.: Ephedrine and theophylline in asthmatic children: Quantitative observations on the combination and ephedrine tachyphylaxis, 437
- By-law amendments, 389

C

- California, southern, A three-year report—The importance of field studies and meteorologic factors in pollen and mold surveys: (Richard S. Shapiro, Ben C. Eisenberg, and William Binder), 484
- Carlston, John A.: Hypothyroidism in atopy, 331
- Case report: Secondary anemia and susceptibility to hydrocarbon combustion products (Kenneth J. Johnson), 148
- Case report: Tracheostomy in status asthmaticus (Samuel Bloom), 538
- Certification, Letters to the editor on, 515
- Certifying boards, Specialty, in American medicine (Louis A. Buie, Sr.), 351

INDEX TO VOLUME 23

- Characteristics, Output, of several commercial nebulizers (T. T. Mercer, R. F. Goddard, and R. L. Flores), 314
- Chemicals released as a result of antigen-antibody union (Editorial) (M. Coleman Harris), 506
- Child, The gaping allergic (Meyer B. Marks), 616
- Children, adopted, Bronchial asthma in (Bernard T. Fein and Peter B. Kamin), 199
- Children, Allergic reactions to immunization materials, and approach to diagnosis (Robert E. Smith), 600
- Children, asthmatic, Controlled exercise in (Milton Millman, William Grundon, Fred Kasch, Buddy Wilkerson, and Jay Headley), 220
- Children, asthmatic, Ephedrine and theophylline in: Quantitative observations on the combination and ephedrine tachyphylaxis (W. F. Taylor, E. M. Heimlich, L. Strick, and R. Busser), 437
- Children, asthmatic, Long-term steroid treatment in (John Morrison Smith), 492
- Children, Chronic hives in (Salmon R. Halpern), 589
- Children, The diagnosis of allergic serous otitis in, Serous otitis media—a symposium, I (Anthony A. Fernandez), 282
- Children, Growth patterns in 200, with bronchial asthma (Alexander Spock), 608
- Children, Insect sting reactions in (Claude A. Frazier), 37
- Children, Intravenous injections of human milk in (Sture Hedenstedt and Frank Heijekskjold), 76
- Chronic bronchial asthma, Glomectomy for: A three-phase study (Maurice S. Segal), 377
- Chronic hives in children: An analysis of 75 cases (Salmon R. Halpern), 589
- Chronic lung disease, Air pollution and (Alexander A. Doerner), 475
- Chronic lung disease, Hypercapnia in: C.N.S. effects and therapeutic considerations (Maurice S. Segal), 466
- Chronic obstructive lung disease, Management of—Notes on the eighth emphysema conference, June 10-13, 1965, 441
- Chronic urticaria, Etiology and pathogenesis of (George R. Green, Giles A. Koelsche, and Robert R. Kierland), 30
- Citrate, diethylcarbamazine, Treatment of intractable asthma with (Mario Salazar Mallen), 534
- Clinical experience with amitriptyline (tryptanol) in the treatment of bronchial asthma (Hitohiko Sugihara, Katsuzaburo Ishihara, and Hideyo Noguchi), 422
- Clinical impression and subsequent double blind study of an antitussive preparation (Harry Kaplan, Henry Sherwood, and Joseph Epstein), 111
- C.N.S. effects and therapeutic considerations—Hypercapnia in chronic lung disease: (Maurice S. Segal), 466
- CO₂ retention, adaptive values of, and, Regulated oxygen therapy, in patients with pulmonary emphysema (Alvan L. Barach), 361
- College disavows the American Board of Clinical Immunology and Allergy, 563
- Combustion products, hydrocarbon, Secondary anemia and susceptibility to, Case report: (Kenneth J. Johnson), 148
- Commercial nebulizers, Output characteristics of several (T. T. Mercer, R. F. Goddard, and R. L. Flores), 314
- Comparative study of eye tests with defatted and undefatted pollen (P. J. Torsney and Louis Tuft), 555
- Complication of emulsion therapy, Abscess formation as a (Benjamin Zolov), 237
- Comprehensive environmental control in diagnosis and therapy, Anecologic orientation in medicine: (Theron G. Randolph), 7
- Conditioning factors of age, On, in allergic disease—or why a special pediatric issue (John P. McGovern), 577
- Control of allergies, The use of heparin in the (David A. Dolowitz and Thomas F. Dougherty), 309
- Controlled exercise in asthmatic children (Milton Millman, William Grundon, Fred Kasch, Buddy Wilkerson, and Jay Headley), 220
- Controlled trial of metaproterenol aerosol in bronchial asthma (M. E. Coleman and Y. A. Howard), 434
- Crawford, Lloyd V.; Roane, Jack; Triplett, Fraser; and Hanissian, Aram S.: Immunologic studies on the legume family of foods, 303
- Criteria for discontinuation of therapy (Mayer A. Green), 1
- Cross-reactivity and antigenicity of body extracts. Studies on hypersensitivity to hymenoptera, I: (Aubrey T. Baugh, Lawrence deK. Favrot, O. C. Thomas, C. Dean Dukes, and John P. McGovern), 430
- Cytotoxic drugs, Immunologic deficiency in psoriatic patients receiving: The secondary response (William L. Epstein, Howard I. Maibach, and Irene P. Senecal), 265

INDEX TO VOLUME 23

D

- Defatted and undefatted pollen, Comparative study of eye tests with (P. J. Torsney, and Louis Tuft), 555
- Deficiency, immunologic, in psoriatic patients receiving cytotoxic drugs: The secondary response (William L. Epstein, Howard I. Maibach, and Irene P. Senecal), 265
- Dermatitis, atopic, Helpful diagnostic clues for differentiation of, from seborrheic dermatitis (Henry Harris Perlman), 583
- Dexamethasone nasal aerosol in nasal polyps and hypertrophic allergic rhinitis: A clinical and controlled evaluation (Robert E. Smith), 273
- Diagnosis, Allergic reaction to immunization materials in children, and approach to (Robert E. Smith), 600
- Diagnosis of allergic serous otitis in children, The, Serous otitis media—a symposium, I (Anthony A. Fernandez), 282
- Diagnosis of inhalant allergens, Provocative nasal tests for: Correlation with skin tests and clinical symptoms (Harris Hosen), 497
- Diagnosis and therapy, Comprehensive environmental control in, Anecologic orientation in medicine: (Theron G. Randolph), 7
- Diagnostic clues, Helpful, for differentiation of atopic dermatitis from seborrheic dermatitis (Henry Harris Perlman), 583
- Diethylcarbamazine citrate, Treatment of intractable asthma with (Mario Salazar Mallen), 534
- Differentiation of atopic dermatitis from seborrheic dermatitis, Helpful diagnostic clues for (Henry Harris Perlman), 583
- Discontinuation of therapy, Criteria for (Mayer A. Green), 1
- Documentation, audiovisual, Report of a case with, Bronchial asthma due to soybean allergy: (Gustavus A. Peters), 270
- Doerner, Alexander A.: Air pollution and chronic lung disease, 475
- Dolowitz, David A.; and Dougherty, Thomas F.: The use of heparin in the control of allergies, 309
- Doses, small vs. large—Alum-precipitated pyridine ragweed antigen treatment (C. Everett Gaillard, and Ruth Schellin), 327
- Double blind study of an antitussive preparation, Clinical impression and subsequent (Harry Kaplan, Henry Sherwood, and Joseph Epstein), 111
- Dougherty, Thomas F.; and Dolowitz, David A.: The use of heparin in the control of allergies, 309
- Downes, J.; Lecks, H. I.; and Wood, D. W.: Segmental atelectasis and pulmonary shunting in acute bronchial asthma and status asthmaticus, 636
- Drugs, cytotoxic, Immunologic deficiency in psoriatic patients receiving: The secondary response (William L. Epstein, Howard I. Maibach, and Irene P. Senecal), 265
- Duet: allergy and otology, Serous otitis media—a symposium, III (Eugene I. Derlacki), 288
- Dukes, C. Dean; McGovern, John P.; Baugh, Aubrey T.; Favrot, Lawrence deK.; and Thomas, O. C.: Studies on hypersensitivity to hymenoptera. I. Antigenicity and cross-reactivity of body extracts, 430

E

- Ecologic orientation in medicine, An: Comprehensive environmental control in diagnosis and therapy (Theron G. Randolph), 7
- Eczeema of the hands due to food and pollen allergy (Albert H. Rowe and Albert Rowe, Jr.), 385
- Effect of intranasal dexamethasone phosphate on the adrenal function of patients with perennial allergic rhinitis (T. H. Aaron and E. L. C. Muttitt), 100
- Effect of long-term mineral oil in the pleura for treatment of pulmonary tuberculosis, The (Ruth M. Wilson), 180
- Effective oral medication for long-term bronchodilation, An (Edwin Rayner Levine), 403
- Eisenberg, Ben C.; and Shapiro, Richard S.: Allergic headache, 123
- Eisenberg, Ben C.; Binder, William; and Shapiro, Richard S.: The importance of field studies and meteorologic factors in pollen and mold surveys: A three-year report of southern California, 484
- Emotional factors, Are (they) of importance in allergic diseases of children? (Samuel J. Levin, and Robert A. Scherer), 192
- Emphysema conference, Notes on the eighth, June 10-13, 1965—Management of chronic obstructive lung disease, 441
- Emphysema, obstructive, Bronchial asthma as cause of (Andrew L. Banyai), 457

INDEX TO VOLUME 23

- Emphysema, pulmonary, Regulated oxygen therapy and adaptive values of CO₂ retention in patients with (Alvan L. Barach), 361
- Emulsified mold allergens, Injection treatment with (Homer E. Prince), 249
- Emulsion therapy, Abscess formation as a complication of (Benjamin Zolov), 237
- Emulsions of ironated ragweed extract, The treatment of pollinosis with small doses of (Samuel J. Prigal, Arthur Stern, Albert V. Avedon, Herbert L. Franklin, David W. Hilton, and Moses L. Furman), 414
- Enuresis, nocturnal, A treatment regimen for general use (James C. Breneman), 185
- Environmental control, comprehensive, in diagnosis and therapy, an ecologic orientation in medicine: (Theron G. Randolph), 7
- Eosinophilia in the allergic population (Floyd F. Miller), 177
- Ephedrine and theophylline in asthmatic children: Quantitative observations on the combination and ephedrine tachyphylaxis (W. F. Taylor, E. M. Heimlich, L. Strick, and R. Busser), 437
- Ephedrine tachyphylaxis: Ephedrine and theophylline in asthmatic children, Quantitative observations on the combination and (W. F. Taylor, E. M. Heimlich, L. Strick, and R. Busser), 437
- Epstein, Joseph; Kaplan, Harry; and Sherwood, Henry: Clinical impression and subsequent double blind study of an antitussive preparation, 111
- Epstein, William L.; Maibach, Howard I.; and Senecal, Irene P.: Immunologic deficiency in psoriatic patients receiving cytotoxic drugs: The secondary response, 265
- Erickson, Robert; and O'Connor, Rod: Hymenoptera antigens: An immunological comparison of venoms, venom-sac extracts, and whole-insect extracts, 151
- Essence of allergy, The (Boen Swinny), 242
- Etiology and pathogenesis of chronic urticaria (George R. Green, Giles A. Koelsche, and Robert R. Kierland), 30
- Exercise, Controlled, in asthmatic children (Milton Millman, William Grundon, Fred Kasch, Buddy Wilkerson, and Jay Headley), 220
- Extracts, purified pyrethrum, Investigation of (Albert Zucker), 335
- Eye tests, Comparative study of, with defatted and undefatted pollen (P. J. Torsney, and Louis Tuft), 555

F

- Favrot, Lawrence deK.; Thomas, O. C.; Dukes, C. Dean; McGovern, John P.; and Baugh, Aubrey T.: Studies on hypersensitivity to hymenoptera. I. Antigenicity and cross-reactivity of body extracts, 430
- Fein, Bernard T.; and Kamin, Peter B.: Bronchial asthma in adopted children, 199
- Fernandez, Anthony A.: Diagnosis of allergic otitis in children, The, Serous otitis media—a symposium, I, 282
- Field studies and meteorologic factors in pollen and mold surveys, The importance of: A three-year report of southern California (Richard S. Shapiro, Ben C. Eisenberg, and William Binder), 484
- Fiero, George W.: Purity of white mineral oil, 226
- First international symposium on pediatric allergy, 300
- Flores, R. L.; Mercer, T. T.; and Goddard, R. F.: Output characteristics of several commercial nebulizers, 314
- Food and Drug Administration, Department of Health, Education, and Welfare: Control of cross-contamination by penicillin; amendments to drug regulations for current good manufacturing practice, March A-35
- Food and pollen allergy, Eczema of the hands due to (Albert H. Rowe and Albert Rowe, Jr.), 385
- Food allergy, Frothy saliva due to, (Kenneth J. Johnson), 277
- Food test technique, Provocative (James W. Willoughby), 543
- Foods, the legume family of, Immunologic study on (Lloyd V. Crawford, Jack Roane, Fraser Triplett, and Aram S. Hanissian), 303
- Formation, Abscess, as a complication of emulsion therapy (Benjamin Zolov), 237
- Franklin, Herbert L.; Hilton, David W.; Furman, Moses L.; Prigal, Samuel J.; Stern, Arthur; and Avedon, Albert B.: The treatment of pollinosis with small doses of emulsions of ironated ragweed extract, 414
- Frazier, Claude E.: Insect sting reactions in children, 37
- Frothy saliva due to food allergy (Kenneth J. Johnson), 277
- Furman, Moses L.; Prigal, Samuel J.; Stern, Arthur; Avedon, Albert B.; Franklin, Herbert L.; and Hilton, David W.: The treatment of pollinosis with small doses of emulsions of ironated ragweed extract, 414

INDEX TO VOLUME 23

G

- Gaillard, C. Everett; and Schellin, Ruth: Alum-precipitated pyridine ragweed antigen treatment—small vs. large doses, 327
- Gaping allergic child, The (Meyer B. Marks), 616
- Glomectomized asthmatic patients, Observations in, (Mayer A. Green), 213
- Glomectomy for chronic bronchial asthma: A three-phase study (Maurice S. Segal), 377
- Goddard, R. F.; Flores, R. L.; and Mercer, T. T.: Output characteristics of several commercial nebulizers, 314
- Grater, William C.: Treatment of acute asthma by aerosolized metaproterenol measured by pulmonary ventilatory studies, 23
- Green, George R.; Koelsche, Giles A.; and Kierland, Robert R.: Etiology and pathogenesis of chronic urticaria, 30
- Green, Mayer A.: Criteria for discontinuation of therapy, 1
- Green, Mayer A.: Observations in glomectomized asthmatic patients, 213
- Griseofulvin: Biology and clinical usefulness, A review (David W. Anderson), 103
- Grover, Frederick W.: Oxitriphylline guaiaacolate elixir in pediatric asthma: with a theophylline review, 127
- Growth patterns in 200 children with bronchial asthma (Alexander Spock), 608
- Grundon, William; Kasch, Fred; Wilkerson, Buddy; Headley, Jay; and Millman, Milton: Controlled exercise in asthmatic children, 220

H

- Haifa, allergy Mold in (A. Liebeskind), 158
- Halpin, Lawrence James, 1909-1965. Memorial article, 67
- Hands, Eczema of, due to food and pollen allergy (Albert H. Rowe, and Albert Rowe, Jr.), 385
- Hanissian, Aram S.; Crawford, Lloyd V.; Roane, Jack; and Triplett, Fraser: Immunologic studies on the legume family of foods, 303
- Harris, M. Coleman: Chemicals released as a result of antigen-antibody union (Editorial), 506
- Headache, Allergic (Richard S. Shapiro, and Ben C. Eisenberg), 123
- Headley, Jay; Millman, Milton; Grundon, William; Kasch, Fred, and Wilkerson, Buddy: Controlled exercise in asthmatic children, 220
- Hedenstedt, Sture; and Heijenskjold, Frank: Intravenous injections of human milk in children, 76
- Heijenskjold, Frank; and Hedenstedt, Sture: Intravenous injections of human milk in children, 76
- Heimlich, E. M.; Strick, L.; Busser, R.; and Taylor, W. F.: Ephedrine and theophylline in asthmatic children: Quantitative observations on the combination and ephedrine tachyphylaxis, 437
- Helpful diagnostic clues for differentiation of atopic dermatitis from seborrheic dermatitis (Henry Harris Perlman), 583
- Hemolytic anaemia, acquired, Notes on the relationship between the therapeutic and anticomplementary effects of heparin in (Karl L. Roth), 83
- Henderson, Lowell L.: Anaphylaxis, A special article: 525
- Heparin, Therapeutic and anticomplementary effects of, in acquired hemolytic anaemia, Notes on the relationship between the (Karl L. Roth), 83
- Heparin, The use of, in the control of allergies (David A. Dolowitz, and Thomas F. Dougherty), 309
- Hilton, David W.; Furman, Moses L.; Prigal, Samuel J.; Stern, Arthur; Avedon, Albert B.; and Franklin, Herbert L.: The treatment of pollinosis with small doses of emulsions of ionated ragweed extract, 414
- Hives, Chronic, in children (Salmon R. Halpern), 589
- Horesh, Arthur J.: Allergy and infection—A new concept, 621
- Hosen, Harris: Provocative nasal tests for diagnosis of inhalant allergens: Correlation with skin tests and clinical symptoms, 497
- Human milk, Intravenous injections of, in children (Sture Hedenstedt, and Frank Heijenskjold), 76
- Hydrocarbon combustion products, Secondary anemia and susceptibility to, Case report: (Kenneth J. Erickson), 148
- Hymenoptera antigens: An immunological comparison of venoms, venom-sac extracts, and whole-insect extracts (Rod O'Connor, and Robert Erickson), 151
- Hymenoptera, Studies on hypersensitivity to. I. Antigenicity and cross-reactivity of body extracts (Aubrey T. Baugh, Lawrence deK. Favrot, O. C. Thomas, C. Dean Dukes, and John P. McGovern), 430

INDEX TO VOLUME 23

- Hypercapnia in chronic lung disease: C.N.S. effects and therapeutic considerations (Maurice S. Segal), 466
- Hypersensitivity to hymenoptera, Studies on. I. Antigenicity and cross-reactivity of body extracts (Aubrey T. Baugh, Lawrence deK. Favrot, O. C. Thomas, C. Dean Dukes, and John P. McGovern), 430
- Hypertrophic allergic rhinitis and nasal polyps, Dexamethasone nasal aerosol in: A clinical and controlled evaluation (Robert E. Smith), 273
- Hypothyroidism in atopy (John A. Carlston), 331

I

- Immunization materials, Allergic reactions to, in children, and approach to diagnosis (Robert E. Smith), 600
- Immunologic deficiency in psoriatic patients receiving cytotoxic drugs: The secondary response (William L. Epstein, Howard I. Maibach, and Irene P. Senecal), 265
- Immunologic studies on the legume family of foods (Lloyd V. Crawford, Jack Roane, Fraser Triplett, and Aram S. Hanissian), 303
- Immunological comparison, An, of venoms, venom-sac extracts, and whole-insect extracts, Hymenoptera antigens: (Rod O'Connor, and Robert Erickson), 151
- Importance of field studies and meteorologic factors in pollen and mold surveys, The: A three-year report of southern California (Richard S. Shapiro, Ben C. Eisenberg, and William Binder), 484
- Incidence of allergic disorders in a village in the United Arab Republic, Observations on the (M. M. El Mehairy, N. El Tarabishy, A. M. Nabih, and I. Nassar), 93
- Inhalant allergens, Provocative nasal tests for diagnosis of: Correlation with skin tests and clinical symptoms (Harris Hosen), 497
- Infection, Allergy and—A new concept (Arthur J. Horeh), 621
- Injection treatment with emulsified mold allergens (Homer E. Prince), 249
- Injections, Intravenous, of human milk in children (Sture Hedenstedt and Frank Heijekskjold), 76
- Insect sting reactions in children (Claude A. Frazier), 37
- Intractable asthma, Treatment of (with diethylcarbamazine citrate (Mario Salazar Mallen), 534
- Intranasal dexamethasone phosphate, Effect of, on the adrenal function of patients with perennial allergic rhinitis (T. H. Aaron, and E. L. C. Muttitt), 100
- Intravenous injections of human milk in children (Sture Hedenstedt and Frank Heijekskjold), 76
- Investigation of purified pyrethrum extracts (Albert Zucker), 335
- Ironated ragweed extract, emulsions of, The treatment of pollinosis with small doses of (Samuel J. Prigal, Arthur Stern, Albert V. Avedon, Herbert L. Franklin, David W. Hilton, and Moses L. Furman), 414
- Ishihara, Katsuzaburo; Noguchi, Hideyo; and Sugihara, Hitohiko: Clinical experience with amitriptyline (tryptanol) in the treatment of bronchial asthma, 422

J

- Johnson, Kenneth J.: Case report: Secondary anemia and susceptibility to hydrocarbon combustion products, 148
- Johnson, Kenneth J.: Frothy saliva due to food allergy, 277

K

- Kamin, Peter B.; and Fein, Bernard T.: Bronchial asthma in adopted children, 199
- Kaplan, Harry; Sherwood, Henry; and Epstein, Joseph: Clinical impression and subsequent double blind study of an antitussive preparation, 111
- Kasch, Fred; Wilkerson, Buddy; Headley, Jay; Millman, Milton; and Grundon, William: Controlled exercise in asthmatic children, 220
- Kierland, Robert R.; Green, George R.; and Koelsche, Giles A.: Etiology and pathogenesis of chronic urticaria, 30
- Koelsche, Giles A.; Kierland, Robert R.; and Green, George R.: Etiology and pathogenesis of chronic urticaria, 30

L

- Lecks, H. I.; Wood, D. W.; and Downes, J.: Segmental atelectasis and pulmonary shunting in acute bronchial asthma and status asthmaticus, 636
- Legume family of foods, Immunologic studies on the, (Lloyd V. Crawford, Jack Roane, Fraser Triplett, and Aram S. Hanissian), 303
- Letter from the president, 296

INDEX TO VOLUME 23

- Levine, Edwin Rayner: An effective oral medication for long-term bronchodilation, 403
- Levin, Samuel J.; and Scherer, Robert A.: Are emotional factors of importance in the allergic diseases of children? 192
- Lockey, Stephen D. (method of): Techniques and procedures in allergy. Management of acute allergic constitutional reactions following test or treatment with an antigen to which the patient is exquisitely sensitive, 397
- Long-term bronchodilation, An effective oral medication for (Edwin Rayner Levine), 403
- Long-term mineral oil in the pleura. The effect of, in the treatment of pulmonary tuberculosis (Ruth M. Wilson), 180
- Long-term steroid treatment in asthmatic children (John Morrison Smith), 492
